KUROPATKIN LEAVES FOR RUSSIA

Japs Royally Received In Mukden By The Chinese Resi-
dents--Much Plunder Is Recovered
To Residents.

[SPECIAL BY SCRIPTS-M'RAE.]
Tokio, March 17.—A dispatch from the front says: "The railway station at Tie Ling, a splendid structure, was partially destroyed. The enemy's provisions and fodder, piled around this station, were set on fire and two-thirds of the material destroyed. We have captured numerous spoils but have had no time to investigate them. A great number of prisoners have been taken in the direction of the right wing, but no figures are given."

From Mukden
The following dispatch was received from Mukden, dated the 15th: "Field Marshal Oyama and staff entered Mukden this afternoon by the south gate. Many of the troops are encamping near Mukden; they lined the streets of the city displaying their battered battle-flags. The Chinese officials gave Oyama a warm welcome. Thousands of Chinese congregated in the streets. All the public buildings are decorated and thousands of Japanese flags are displayed. Several thousands of the dead which were left on the field about Mukden are now being cremated."

Started for His Home
London, March 17.—A dispatch to the Central News from St. Petersburg states that Kuropatkin left Tie Ling on a special train Wednesday, bound for St. Petersburg.

London's News
London, March 17.—A dispatch to Reuters from Gen. Oku's headquarters states the pursuit of the Russians is continued with the same vigor that marked the early stages of the retreat.

Heavy Losses
Paris, March 17.—The Petit Journal prints a dispatch from St. Petersburg stating that Kuropatkin lost 80 guns and 19,000 were killed and wounded at Tie Ling.

Heavy Fighting
London, March 17.—A dispatch to the Evening Standard from St. Petersburg says that a fierce battle is proceeding north of Tie Ling.

Clear Mystery
St. Petersburg, March 17.—The mystery of the letters addressed to the emperor by the revolutionists, which are constantly found in the palace at Tzarkalo, have been solved by the arrest of a page named Verkovski.

Know Nothing of Jap Plans.
It is not known which Japanese commander is conducting the pursuit of the Russians. Generals Sassulitch and Zarubaieff are commanding the Russian rear guard, and Gen. Mischenko is protecting the Russian right. It is asserted that the entire Russian force now in the far east is about 300,000 men, including railway guards, the garrison at Vladivostok, and the Fourth army corps, which is just arriving.

It is feared that the Russian army is so shattered that the Japanese are now able to act independently. This news intensified the depression caused by the capture of Tie Ling, which in itself was a bitter blow to the optimistic belief that Gen. Kuropatkin had extricated the bulk of his army from Mukden.

Kouropatkin Quits Tieling.
It is believed that Kouropatkin is at Harbin, having left Tieling last Thursday.

WANT MANDATE ISSUED AT ONCE

Half Billion Dollars' Worth of Prop-
erty Would Be Tied Up if
Not Granted.

[SPECIAL BY SCRIPTS-M'RAE.]
Washington, March 17.—An application for the immediate issuance of a mandate in the recent decision of the Harriman-Hill case was made to the supreme court this morning by W. H. Clough, general counsel for the Northern Securities company, and opposed by Maxwell Evarts, representing the Harriman interests. Mr. Clough argued that unless the mandate was issued immediately the injunction of the circuit court of New Jersey preventing the distribution of funds under the Northern Securities, would remain in force, tying up property worth half a billion dollars. The court took the motion under advisement.

Automobile Mail Line.
Encampment, Wyo., March 17.—A stock company is being formed here for the purpose of establishing an automobile line to ply between Encampment and the Union Pacific at Walcott, a distance of fifty miles, to carry the government mail, passengers and express.

CIGARETTES A RARE LUXURY

Senate Passes This Famous Measure This
Morning--Whitehead's Vote Against It.

STRINGENT RATE BILL SENT IN

Other Important Legislation Enacted By The Upper House
This Morning--General Legislative
Gossip.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., March 17.—The senate today concurred in the Evans bill, passed last week by the assembly for the prevention of the sale, gift or importation in Wisconsin of cigarettes, cigarette-papers or materials. The final vote was 22 to 8, as follows: Against free traffic in cigarettes—Senators Beach, Bird, Burns, Frear, Froemming, Huddall, Johnson, Kreutzer, Martin, McGilivray, Merton, Morris, Munson, Noble, Rogers, Rummel, Sanborn, Stevens, Stoddard, Stout, Wilcox, Wylie; for the free traffic in cigarettes—Senators Hatten, North, Roehr, Smith, Whitehead, Wipperfurth, Wolff, Wright.

The Debate
Senator Bird led the debate in favor of the measure and was assisted by Senator Huddall. They elaborated upon the passage of similar laws in other states and read the records showing that they had been sustained and approved fully by the state and United States supreme courts when contested by the so-called American Tobacco trust. Senator Whitehead explained that he voted against the measure because he believed the proposed law was impracticable and would prove ineffective.

Railway Bill
Senator Frear introduced a bill to prevent the watering of railroad stocks and bonds. It provides that the aggregate of stocks and bonds shall not exceed 50 per cent of the total assessed valuation of the physical property of the road, all the stocks and bonds to be certified to and countersigned by the state tax commission. The measure applies only to Wisconsin railroad property.

PEORIA HALTS STANDARD OIL

Supervisors Stop Pipe Line From
Kansas From Crossing Highways.
Peoria, Ill., March 17.—The Peoria Oil and Gas company, the Kansas branch of the Standard Oil company, struck a snag when it reached Peoria county. The board of supervisors has refused permission to the company to lay its pipe line from Kansas to Indiana, across certain highways in the northern part of the county, and unless it can be induced to reconsider this decision, the men now at work connecting the line will have to stop, and the company will find itself with a gap in its lines which it can not legally close.

FLAMES SWEEP TOWN IN IOWA

Business Section of Shannon City Is
Wiped Out, Causing \$60,000 Loss.
Shannon City, Iowa, March 17.—Fire, believed to have been of incendiary origin, early Thursday destroyed the entire business section of Shannon City, entailing a loss of over \$60,000, partly insured. Two business blocks, Wilson's and Fish-er's, and a number of smaller business houses, including Logan's drug store, the Sheldon Sons' newspaper office, barber shop and the Telephone Exchange, were burned. The fire started in the Wilson block.

LIMITS RIGHTS OF NOMINEES

Wisconsin Court Decides Candidates
Can Run on Only One Ticket.
Eau Claire, Wis., March 17.—Judge O'Neill has declared that a candidate for office could have his name printed on but one ticket on the official ballot. The decision was rendered in an injunction suit brought by Senator Lamore of Ashland against Mayor Burt Williams of Ashland. Williams had filed nomination papers as a Democrat, Republican and nonpartisan candidate, expecting to have his name printed on all three tickets.

Wife Lost in Philadelphia

Philadelphia, Pa., March 17.—After his wife had been lost three times in twenty-four hours and the police had been twice asked to hunt for her, S. B. McCormick of Lockhaven took a train for home with her. Each is 60 years old.

SIAM'S KING TO END GAMBLING

Seeks to Increase Duties to Replace
Revenue From Licenses.
New York, March 17.—Permission to take steps toward ending legalized gambling in his country is to be asked of America, England and other treaty nations by the king of Siam, according to the advice received by Rev. Arthur J. Brown, secretary of the Presbyterian board of foreign missions. Permission will be sought to raise slightly the import duties in order that a part of the revenue now accruing from the gambling concessions throughout Siam may be replaced.

NO JINGOISM, BUT REAL SENTIMENT OF THE NATION

Senator Spooner Expresses Popular Opin-
ion On The Floor Of The
Senate.

[SPECIAL BY SCRIPTS-M'RAE.]
Washington, March 17.—"There is no government in the world which can take from the United States in the east or west, anything which belongs to us." In the above language Senator Spooner in the senate this afternoon replied to the alleged statement of Congressman Hull of Iowa, predicting trouble with Japan over the Philippines. Senator Spooner expressed the statement that while there might be a difference of opinion as to the wisdom of acquiring islands, and the policy of management, the United States would never submit to see them taken from us by force.

College of Letters and Science.
President Van Hise then took up in detail the specific needs of the several colleges. In the college of letters and science, in which the largest increase of graduate students would be necessary, it was necessary to provide for the extension and improvement of the pre-medical work; to fill the vacancy in the department of philosophy and education; to have additional professors in zoology, sociology and history; and to develop the graduate school in order to carry on important research work that in the past has been valuable to the country. No provision should be made, President Van Hise explained, for equipping the new chemical laboratory now in the course of construction; for the completion of University hall by the erection of the north wing to relieve

NEWS FOR THE PLAY-GOERS

A. H. Varley, manager of "The Strollers" Co., which will be seen here shortly, tells a funny story of an experience he had at the Park Theatre, Philadelphia, while rehearsing "The Strollers" Co. during the summer. Of course it became necessary at the last moment to use a lot of new inexperienced chorus girls, some of which were to be used in the ballet in the last act. The one in particular

though he may have played the popular hero in a popular play one night, he accepted without a protest the smallest part in another the next, whenever the stage manager deemed that he was best adapted for that particular role.

His success in the title role of "Checkers" has occasioned the thought in many, that the straight juvenile character is his only field. And yet one of the biggest hits Ross

thought, one of the cleverest drawn characters he has ever had the chance to play. But though he has played it a full year now, and presents a well rounded piece of acting as a result, he declares that he is constantly seeking new possibilities in it to develop, and is frequently rewarded by success.

When asked of his plans for the future, Ross says: "I shall formulate them when the time comes. At present, the large audiences which nightly come to see 'Checkers' are even greater than when the play was new a year ago. And I shall think of playing no other part so long as the public care to see me in this."

Lake Bluff Naval Station.
Washington, March 17.—Plans have been completed for the naval training station at Lake Bluff, calling for an expenditure of \$1,500,000, and work will begin very soon. Quarters will be provided for 2,000 men, making a garrison larger than that at Fort Sheridan. With the completion of the Lake Bluff station the navy department will abandon the present apprentice plan of enlistment in the navy, enlisting boys for instruction on the training ship Hartford and sister vessels, and instead will draw its gunners and able seamen directly from the training school on Lake Michigan and other similar institutions. No recruits will be received at Lake Bluff under 17 years of age, as it is thought that they will then be led into the service by a real desire to follow the calling.

Senator Morgan Makes Charges.
Washington, March 17.—Senator Morgan made a sensational speech in the executive session of the senate in which he charged that William Nelson Crowell of New York was a prime mover in a scheme to influence the United States in the financial affairs of San Domingo. Crowell, he alleged, was acting in the interest of a syndicate which holds a mass of claims against Latin-American republics, including a large part of the debts of San Domingo, and also was trying to defeat a plan of Mr. and Mrs. Reader of Alabama to obtain certain concessions from the Dominican government.

Hay to Take Vacation.
Washington, March 17.—Secretary Hay expects to start on his trip soon, and does not propose to return before the end of April. Most of the time will be spent on the ocean, as he is going away entirely for the sake of his health and by the advice of his physicians. It can be positively stated, however, that unless he loses ground while away he will return to his duties in the state department. He will be accompanied by Mrs. Hay, and probably by Henry Adams, his warm personal friend.

Philippine Policy.
Washington, March 17.—In order to allay any misapprehension relative to the policy of the administration with respect to the future of the Philippines, Secretary Taft has made public the text of a letter which he wrote to John N. Blair of New York. The secretary states very plainly that the policy of the administration is the definite retention of the Philippines "for the purpose of developing the prosperity and the self-governing capacity of the Philippine people."

Nicaragua Treaty.
Washington, March 17.—The senate did not devote its entire time to executive session Thursday to the San Domingo treaty. The Nicaraguan extradition treaty was ratified and the Russian corporation treaty discussed at length. The Newlands resolution calling on the president if not incompatible with public interests, to send to the senate certain information regarding Dominican affairs, was adopted.

Northern Securities Case.
Washington, March 17.—Counsel for the Northern Securities company have applied to the supreme court of the United States for the issuance of the mandate in the recent decision in the so-called Harriman-Hill case at once.

Congress on Cheap Dwellings.
Washington, March 17.—Baron Moncheur, the Belgian minister, has notified the state department that the seventh international congress on cheap dwellings will be held at Liege from Aug. 7 to 10 next.

Money for Indians.
Washington, March 17.—The president has authorized the payment to the Sisseton and Wahpeton Indians of South Dakota of \$100,000 from their trust funds on account of the failure of their crops.

NOT IN THE DENTAL COMBINE.

These are trust busting times. There exists an IRON-CLAD agreement among the Dentists of Janesville, whereby, over their written signatures and upon their word of honor, they AGREE TO OBTAIN CERTAIN PRICES FOR THEIR WORK.

What is this but a TRUST?

There's a dentist in Janesville who stands out from this combine.

Let us see how this works:

The combine agree to charge \$10 for Gold Crowns. Dr. Richards, being free to make his own prices, is making these gold crowns, guaranteed to be equal in every respect, for just \$5 each.

He says he had rather work for a LARGE number of patients at a MODERATE profit, than to work for only an occasional man and have to charge him so much that EVEN HE won't come again.

BEST PAINLESS METHOD AND ALL WORK GUARANTEED.

will Wednesday evening when, with Officer Fanning, he arrested the two highwaymen who robbed Montayne a short time after they committed their crime.

Kuropatkin is to turn over what is left of his army and go home in disgrace.

Those American officers who were captured at Mukden with the Russians can evidently give a good description of Oyama's battle line.

The Japs have practically won the war.

There seems to be a few things left for the state legislature to do yet. They have not passed all the legislation possible as yet.

The Janesville postoffice is certainly good. In a recent package of newspapers appeared one addressed to Bridgforth, Shropshire, England, with a one cent stamp on it and not even cancelled. How is that for service?

It may be possible that the women will actually vote on election day after all.

This election of school commissioner in the third ward, may result in the election of Mr. Cunningham after all.

Cortelyou says he will resign the chairmanship of the Republican National Committee but he does not say when.

PRESS COMMENT.

La Crosse Leader-Press: The passage of the anti-cigarette law by the Wisconsin legislature is the hardest blow to the undertakers that has been dealt in many a day.

Detroit Evening News: If the ministers and the editors ever get together it is going to be an interesting time for the politicians.

Milwaukee News: Though he is sure of six years in the office of senator, Gov. La Follette is not disposed to sever his line of communication with the "fair minded."

Racine Journal: Matters between Sweden and Norway are assuming a most delicate phase with actual civil war feared. If it does come, the machinations of Russia will be found to have caused the trouble.

Green Bay Gazette: Watertown boasts of the fact that with a population of 9,000 and 55 saloons not an inhabitant has been arrested in many months. The people of that city be either very good or very, very bad.

Menasha Record: Appleton financiers are talking of establishing a line of steamers along the Fox river for freighting purposes. It would seem to any man who sees what a system of water ways there is here that such a line should pay.

Sheboygan Telegram: Whether Kansas makes any profit or not out of her jump into the oil business, at least for some time, it is quite certain that she will have the satisfaction of knowing that her operations are not increasing the profits of the Rockefeller oil trust.

Waupaca Post: Senator Spooner and Senator Lodge, the closest personal friends of the president in the senate, rode with him from the white house to the capital on inauguration day. Wisconsin has added reason to be proud of her senior senator.

La Crosse Chronicle: The friends of Victor Berger, the zealous editor and social democratic leader of Milwaukee, are shaping matters to have him nominated for president in 1908. It would be a much better nomination than they made last year. What has become of Debs?

Rockford Register-Gazette: The Rev. Father Thill of Holy Name Church of Sheboygan, Wis., one of the largest in the state, says bowling on Sunday or week days is not an amusement that conflicts with Lent. The bowling alleys in the church hall are to be kept open.

Oshkosh Northwestern: A newspaper writer can never be too careful to make his statements absolutely correct. A few days ago The Northwestern remarked that "Every mother thinks her baby will some day be president," and from way out in Montana comes The Butte Inter Mountain which replies: "We know one that don't—hers is a girl baby."

Portland Oregonian: Japan's advance in "civilization" has been the subject of many squibs of late. As good as one as any is reported by a London paper to have been written by a schoolboy under examination: "Until recently the Japanese used to fight with bows and arrows, but now they are equipped with the complete arms of a Christian."

Exchange: Speaker Cannon is a great lover of green corn. He boards at the Arlington and one day took one of his Illinois farmer constituents to dinner with him. Cannon made his dinner on green corn, eating seven ears. The farmer asked him how much he paid for board at the Arlington and Cannon replied: "Six dollars a day." "Well," said the farmer, "congratulate me, Joe, don't you think it would be cheaper for you to board at a lively stable?"

Chicago Chronicle: Press agents are no longer confined to the show business. The steel trust has one, the Westinghouse people have a press bureau and sometimes the private secretary of a wealthy house; hold acts as press agent. He or she gives out information as to the number of guests, their names, etc., and always makes sure that the time of the entertainment is correctly given and the names of all persons attending are spelled correctly.

Milwaukee Free Press: Vice President Fairbanks is opposed to the selection of Harry S. New to succeed Chairman Cortelyou of the national committee, fearing that it would weaken his—Fairbanks'—chances as a presidential candidate. Fairbanks and New are not friends. But think of talk about candidates for 1908! The noise of the last election has not entirely stopped yet. Let us have peace.

San Francisco Argonaut: It is the fashion to sneer at the incapacity of the Slav. Let it be a fair question to ask if, admitting as we must that the Japanese are the best soldiers in the world, European nations more civilized than czarism would have succeeded better than the Russian armies have. With the memory of South Africa and Buller, shall we confidently affirm that Great Britain could better than Russia wage, on land, 6,000 miles away from home, a successful war against such an enemy as the Jap? Yes, with the memory of the turmoil and confusion and inefficiency that accompanied our trifling war with Spain—with the memory of how our soldiers died of typhoid and dysentery in Chickamauga and Manila—shall we even affirm that we, big as we are, could wage a successful war in a distant land (say, the Philippines) against the Japanese?

Fond du Lac Commonwealth: The Dowdites are strong in their faith. When, after an absence of their leader for a considerable period, dissemination had become rife, and the clouds had thickened till the storm seemed ready to break, a message from the prophet stopped their quarrels and put them once more in a happy frame of mind. The message was in effect that Dowd, though temporarily abiding in the City of Mexico, proposed to make Zion City his permanent headquarters. Moreover, he said, he valued the Zion holdings at the comfortable sum of \$12,000,000, and declared there was no such thing as failure for the community if it kept the faith. Dowd has pulled out of a good many tight places and invariably turns up a trump card, whenever it is needed.

MANY DISPLAYED SYMBOLIC GREEN

IRELAND'S PATRON SAINT HONORED IN JANESVILLE.

HIBERNIAN SOCIETY MARCHES

And Make Preparations for a Big Banquet at Assembly Hall—National's Green Carnation.

It was a rainy morning for the "wearing of the green" but the green ribbon and shamrocks were greatly in evidence. Street Commissioner Watson wore a pea-colored carnation which apparently drew its color from nature, but the owner confessed that it didn't. Detective Patrick Casey of Milwaukee arrived in Janesville at sunrise to participate in the ceremonies. Division No. 1 of the Ancient Order of Hibernians marched in a body to St. Patrick's church where mass was celebrated at ten o'clock.

Father Lillis Speaks
Father Lillis of Plattville, son of Mr. and Mrs. Patrick Lillis of Janesville, who spent his boyhood days here but has been absent from the Bower city for many years, delivered the sermon. He prefaced his talk on "St. Patrick" with reminiscences of the old days here and then, turning to Ireland and her destiny, he pictured in eloquent words the disintegration of families always in progress there on account of the hard conditions of life which drove the sons and daughters to seek their fortunes in other lands.

Big Banquet Tonight
Tonight five hundred guests will be seated at the long banquet tables in Assembly hall whose walls will be resplendent with festoons of green bunting and the golden harps of Erin. Father Dowling of St. Patrick's church, Father Lillis, and Miss Josephine Fitzgerald of Albany will be among the guests who will participate in the program which follows the repast. Rev. J. J. McGinley will act as toastmaster. The full program is as follows:

BRIEF BITS OF LOCAL NEWS

Left for Waupaca: Mrs. D. N. Hatfield left last evening for Waupaca where she will spend the summer with her sister, Mrs. C. H. Phillips. The remains of her late husband will be left in the vault here until April when they will be removed to the burying ground of Mrs. Hatfield's family in Portage.

Rally Day: The Royal Neighbors will celebrate the tenth anniversary of the incorporation of the beneficiary department, Tuesday, March 21st. Camp No. 132 will be the guests of Camp 919 of Beloit on that day. There will be a banquet at 5 p. m. The trip will be made on the 3 p. m. interurban car.

Located in Bismark: Dr. Percy F. Kearney, formerly of Janesville, who has been acting as an interne at St. Barnabas' hospital in Minneapolis, recently removed to Bismark, South Dakota, where he is associated with a number of older physicians who are specialists in surgery. He is retained at a handsome salary.

Miss Winifred Ethel who is a student at the Milwaukee normal, was expected to arrive in Janesville for a few days' visit this afternoon.

Why They Won't Come: Bradley Tyrell, manager of the Beloit College Glee and Mandolin clubs, visited in Janesville yesterday. The clubs will not favor the Bower city with a concert this season. The last one, several years ago, netted them \$13.

Visit from Old Comrade: James E. Ray and L. M. Nelson enjoyed a visit yesterday from Andrew Lugh-singer of Depeu, Ill., an old comrade of the 16th Wisconsin whom they had not seen since they marched to the sea with Sherman. The visitor left for Oshkosh this noon, called thither by the death of a relative.

NEW FACTORY IS TO BEGIN WORK

JANESVILLE GRANITE BRICK AND STONE CO. INCORPORATED.

CAPITAL STOCK IS \$35,000

To Start Work on Twenty-Five Thousand Factory on Monday of Next Week

This evening the stockholders and directors of the newly organized Janesville Granite, Brick and Stone company are to hold a meeting to complete their organization and on Monday next it is expected that work will begin on the South Main street property of the company for the erection of their twenty-five thousand-dollar factory. The company has filed articles of incorporation with the secretary of state at Madison and at the register of deeds' office in the court-house.

The Capital Stock
The capital stock of the new company is thirty-five thousand dollars and the three incorporators are James Shearer, Grant Fisher and James Lamb. It is a Janesville company and when in operation will employ anywhere from twelve to twenty men steadily. It is expected that work on the construction of the factory will be begun immediately, so that by early spring manufactured materials will be ready for the builders.

The Products
The company will manufacture bricks of sand and lime and concrete building blocks. The demand for these two materials for buildings is increasing each year. The factory will be located at the south end of Main street adjacent to the Hollow Cement Block company's property.

MINISTERS MEET BOYS IN DEBATE

Waukesha High School Team Practice Debate on Clergymen for Janesville.

When the debating team representing the Janesville high school meets the Waukesha high school team in their city toward the end of April, they will meet a team that is thoroughly prepared and well drilled. The Janesville team has made a visit to the libraries at Madison and secured material from many sources, but the Waukesha team has also done a great deal of extra work. In the last issue of the "Waukesha Freeman" appears the following article concerning a practice debate between the team and three clergymen:

"The young men students of the high school who are preparing for the debate with Janesville 'practiced' up on three of the clergymen of the city, at a meeting of one of the boys' literary societies at the high school building last Thursday afternoon.

The question for debate is the desirability of the closed shop and the local debaters were Robert Montgomery, Dexter Witte and Chester Griswold. The ministers who took the opposition were Revs. I. L. Cory, pastor of the Congregational church, S. A. Sheard, pastor of the Methodist, and W. E. Chalmers, pastor of the Baptist church. The debate was conducted in regular formal fashion, the young men presenting all the arguments in favor of the closed shop and the clergymen presenting an array of logic and fact in favor of the open shop.

The debate was arranged to give the boys the benefit of a public rehearsal of as much of their debate as they have prepared, and to make them familiar with the arguments which are likely to be brought against them. The elder as well as the younger debaters had prepared themselves with some thoroughness for the contest and the occasion was extremely interesting for all present."

NOT A PATENT MEDICINE.

Hyomei, the "Guaranteed Catarrh Cure," Prescribed by Physicians.

No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass.

Their comparison is secret, but Hyomei gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hyomei pocket inhaler, fills the air you breathe with germ-killing, disease-destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs.

Indigestion and Dyspepsia Cured and Appetite Restored.

Mrs. Susie Morton, of 1207 So. 11th St., Birmingham, Ala., writes as under date of July 12, 1904: "I have improved wonderfully in health since using your Seven Barks and Globe Pills. The Globe Pills are the best thing I ever tried. They do not grip at all, and keep the bowels in good condition. Before using the Seven Barks I was troubled with much indigestion and dyspepsia, but now I can eat anything and I am as strong as I ever was in my life. I hardly know how to thank you for the good your medicines have done me. I wish every woman in the world could read what I am now writing and be cured."

We've sold Seven Barks for years and don't know of a better remedy for Indigestion and Dyspepsia. There's this much about it—it's been curing people of the worst forms of stomach troubles for 35 years, and whenever it fails to cure, the person has only to return the bottle (no matter how much or how little has been used) and get their money. It's more than likely that your case requires similar treatment to that of Mrs. Morton. Why not take Seven Barks and get cured? Deposit 50 cents with us, the price of a full-sized bottle, take it as directed, and if not perfectly satisfied with the results, we're here to refund the price.

Think you for one moment we'd risk our reputation on a remedy that hadn't already proven its efficiency?

Labor Notes

At the close of the year 1903 there were 1,276,821 organized workmen in Germany, an increase of 194,299, or 8.4 per cent, during the twelve months.

It is within the last few years, especially, that technical education has developed in France. By the law of 1890 the minister of commerce organized manual instruction in special schools.

There are more than 140 national and international affiliated unions in the American Federation of labor.

Uncle Sam has on his pay roll about 10,000 boys from fourteen to nineteen years old who are employed as special delivery messengers.

There seems to be a growing sentiment among the trades unions of the country against the holding of annual conventions by their national organizations.

In Austria there are three groups of labor organizations: Trade unions, analogous to the independent unions of Germany, general unions, and educational societies.

COFFEE TARIFF TO AID REVENUE

NO DUTIES ON NATIVE PRODUCT

Encouragement to Porto Rico and the Philippines in Free Admission to United States of Their Output—Income Is Short.

Washington, March 17.—There is a strong probability that at the next session of congress a small duty will be placed on coffee. Republican leaders have been discussing the necessity of overcoming before the next election the deficit now facing the country. They do not wish to go before the people with a shortage, as they know it would be an extremely difficult task to explain why there should be a treasury deficit in view of the enormous revenues of the country and the general prosperity.

Expenses Increase.

The ordinary expenses of the government will naturally increase during the next two years, and the only way the deficit can be overcome is by increasing the revenues, either by increasing the internal revenue taxes or the customs duties, or by the imposition of documentary or stamp taxes. Objections are pronounced to all these propositions. There is a strong sentiment throughout the country for a reduction in customs duties, and any proposition to increase them would involve the party in much difficulty. An increase in internal revenue taxes would be fought by the brewers and distillers and by hundreds of commercial organizations now clamoring for free alcohol for use in the arts and manufactures. The same is true of the tobacco taxes, and the clamor which would follow the imposition of stamp taxes in time of peace and prosperity is unpleasant to contemplate.

Committee to Solve Problem.

It is understood that these considerations led to the adoption of the All-American resolution authorizing the senate committee on finance to sit during the recess, it being the hope of the Republican leaders that the committee will solve the problem before the assembling of the new congress.

One suggestion made is that instead of encouraging the Philippines to compete with American tobacco and sugar interests by giving them free entry to our markets they should be encouraged to produce subtropical products that cannot be raised in the United States. Coffee was mentioned particularly, with the idea that a slight tax could be placed on foreign coffee and that raised in Porto Rico and the Philippines be admitted free.

PRESIDENT ERRS.

Names Commissioners to Serve Without Pay, Contrary to the Law.

Washington, March 17.—Is President Roosevelt "liable to be summarily removed from office" and also to be "punished by a fine of not less than \$100 or by imprisonment for not less than one month?" This question has been raised and is more or less seriously discussed. Last Tuesday the president appointed a commission to select sites for public buildings in this city in harmony with the plans of the park commission. The commission is composed of Bernard R. Green, chairman; Messrs. Burnham, McKim and Olmsted and St. Gaudens, the sculptor.

The commissioners are appointed to serve without compensation, and there is no specific authority of law for their employment. The deficiency act approved by the president March 3 provides in part as follows:

"Nor shall any department or officer of the government accept voluntary service for the government or employ personal service in excess of that authorized by law, except in cases of sudden emergency involving the loss of human life or the destruction of property. * * * Any person violating any provision of this section shall be summarily removed from office and may also be punished by a fine of not less than \$100 or by imprisonment for not less than one month."

New Federal Judges.

Washington, March 17.—It is now expected that the nominations of the new Illinois judges will be sent to the senate on Saturday or Monday, provided, of course, the senate is then in session. The slate agreed upon at the White House, where Senators Callahan and Hopkins were visitors, is as it has been understood for some days. Judge Kohlsaat to be circuit judge and Sol. Belknap and Konesaw Landis to be district judges.

CASTRO WOULD FIGHT AMERICA

APPEALS IN NAME OF BOLIVAR

Seeks Permission for Army to Cross Colombia and Mexico in Order That It May Move Upon the Puny Northern Warriors.

Willemstad, Island of Curacao, March 17.—Copies of a Venezuelan pamphlet received here indicate that President Castro is trying to strengthen his position with his people by a warlike attitude toward the United States in which the shade of Bolivar, the South American liberator, plays a conspicuous part. The document is issued through Col. Juan Baptista Lamode, one of Castro's advisers, and contains plans for sending 30,000 Venezuelans against New Orleans.

Would Avenge Insult.
The pamphlet urges the public to avenge the insult offered to Venezuela by the Americans and declares the invasion of the Mississippi valley would be the most effective means of curbing the power of the United States.

"Perhaps 30,000 Venezuelans," says the pamphlet, "bearing the glorious national banner, that very banner whose floating iris illuminated the water of La Plata with the splendor of the Venezuelan fatherland to the echoes of the glorious of Carabobo, of Bombona and of Ayacucho, would today be sufficient to wash away the insult which our glorious flag has received from North America, in the very waters of the Mississippi."

Asks Colombia to Aid.
"The territories which we have to cross in order to arrive there are almost all of the same fatherland. Colombia, the first of these, will readily open its frontiers to give passage to the sons of Bolivar, as well as Costa Rica, Nicaragua and Mexico, the fatherland of Juarez, feared by France and by Europe for his formidable and terrible patriotism. There can be no doubt that our Latin brothers would willingly open the way for the army of Venezuela in order that the sons of Washington should not be allowed to believe themselves more valiant and warlike than the sons of Bolivar."

Army Equipment.
"This may seem to many a Utopian vision, but when we reflect that the North American squadrons cannot operate in the forests and that traders will always be traders, inept and cowardly in feats of heroism, our hearts swell within us and we are willing to take up the glove which is thrown down to-day to the whole of Spanish America."

Practically all of Castro's army is made up of men from the Andes. Most of them are part Indian. They wear rough straw hats, coarse khaki uniform and sandals. As they march through the streets, carrying their old-fashioned rifles, their appearance is

not unlike that of a Chinese military organization. Their weapons are old-fashioned Mausers, which kick so badly that the men do not hold them to their shoulders and shoot without taking aim.

Venezuelans Welcome War.
The artillery is as inefficient as the infantry and foreigners say there is not a gunner in the whole Venezuelan army who knows how to shoot the new French six-inch guns which Castro has mounted at La Guaira and Porto Cabello.

The relations between President Castro and the various legations at Caracas are a little more strained. Castro has now ceased to talk with the European representatives concerning the Venezuelan indebtedness. It is said that the majority of Venezuelans look upon the possibility of foreign intervention either with indifference or favorably, as present internal conditions are causing much unrest.

GIRLS BAR CIGARETTE SMOKERS

McKeesport, Pa., High School Graduates Put Ban on Young Men.

McKeesport, Pa., March 17.—Young men who part their hair in the middle and smoke cigarettes either must cease smoking "coffin nails" or give up going with the girl graduates of the high school. At a class meeting it was decided improper to walk down the thoroughfares with young men who smoked cigarettes and who parted their hair in the middle.
